3. Consumer and industrial adoption of aerial drones is just starting; 4. Venture capitalists are pouring money into aerial drone startups; and, 5. This report is an introduction to a second Sophic Capital drone report – a report that will detail a nascent drone market that could yield large returns for investors.

Introduction

DRONES A R MARKET - Tharawat Magazine

As attractive as this market is, Sophic Capital believes that there is a nascent drone market which could prove more lucrative to investors – sea drones, or unmanned underwater vehicles. Water covers over 70% of the Earth, yet we've explored less than 5% of seabeds due to the sea's hostile environment, an environment better suited for machines than humans.
