If design can change water delivery in a certain part of the world, then it changes that part of the world for those people. That's the way design changes the world. CNN: When we speak of design, we usually think of the look of a book jacket or a Web site, or we think of architecture.

Can design change the world? - CNN.com

Can great design transform people's lives? For a new generation of designers, such as Bruce Mau and Yves Behar, the answer is, 'Yes, it can.' To them, design is more than just a question of fashion or taste: it's a way of asking fundamental questions in order to solve complex problems.

Glimmer by Warren Berger - Penguin Books Australia

Design is a fascinating subject in that everybody's interested in it, but very few have a clear understanding of what it is and how it works. The book endeavors to demystify design a bit, without oversimplifying it—taking some of the best thinking and principles of the world's top designers and trying to make that accessible to the rest of us.
